PERSONAL STATEMENT

With 13 years of experience in finance, I've witnessed the profound impact of technology on our rapidly evolving world. This realization inspired me to transition my career towards technology. To gain a comprehensive understanding, I first enrolled in the General Assembly Software Engineering Immersive Program. Subsequently, I pursued an undergraduate degree in Information Technology at Arizona State University. Now, I am actively seeking a role as a Full-Stack Developer, eager to leverage my knowledge and expertise, while also looking for an opportunity to learn, grow, and apply my skills in this dynamic field.
